ETCC2022 European Technical Coatings Congress

2022-05-23

ETCC2022 European Technical Coatings Congress will take place on 12-14 July 2022 in Auditorium Maximum of Jagiellonian University in Krakow. The congress has 70 years of tradition!

The ETCC2022 presentations refer to the latest scientific and technical achievements for paints, coatings, adhesives and construction materials.

During the three days of the event there will be plenary presentations, 6 parallel sessions, poster presentations, an exhibition and the “Summer School” session.

Over 200 speakers and presenters represent the largest companies, institutes, and universities world-wide.

The measurable benefits from participation of **ETCC2022**:

Over 130 oral presentations

Over 60 poster presentations

Exhibition of scientific and technical achievements

Possibility of publishing congress papers in renowned journals

The “Summer School” for young scientists (on the day before congress)

The European Technical Coatings Congress **ETCC 2022** is one of the most prestigious and most important technical and scientific event, creating a platform and a meeting point of industry and of science, represented by institutes and universities. The congress creates the possibility of international co-operation and collecting unique knowledge about the newest materials, products, processing, equipment, research and testing.
