Krakowskie Obiekty Noclegowe (eKON) Application

2022-07-27

Finding accommodation in Krakow has just become easier thanks to the dedicated browser: Krakowskie Obiekty Noclegowe (eKON).

It is a pioneering solution no other Polish city has implemented so far.

Thanks to the eKON app, tourists and enterprises now have a simple tool that allows them to quickly find legally operating hostels, apartments and guestrooms in Krakow. The database of uncategorised facilities was designed on the basis of an extensive system of filters. It is possible to search for a facility name, street, registration number or NIP number.

The eKON app is available in Polish and English

at: https://ekon.um.krakow.pl/?_ga=2.98287388.2091416022.1658744898-1847263931.1658744898&locale=en

Do you run a hotel in an uncategorised establishment? Remember that, pursuant to the laws in force, your establishment has to be entered in the records maintained by the President of the City of Krakow.
