Krakow with prestigious Mission Label award

2025-05-29

On May 7, at a ceremony in Vilnius, Krakow received the prestigious European Mission Label, which is awarded to cities that meet ambitious climate goals. This is the result of a positive opinion of Krakow's Climate Contract submitted to the European Commission.

Krakow, along with four other Polish cities, was awarded the Mission Label for meeting ambitious climate goals. The award ceremony took place in Vilnius, as part of the European Union's Climate Missions, which support cities on the road to climate neutrality.

The Mission Label was awarded to Krakow on the basis of a positive opinion of the city's Climate Contract, which was submitted to the European Commission in September 2024, a comprehensive document that sets out a plan for Krakow's
