## **A calendar full of events at EXPO Kraków**

2026-01-22

**The first half of the year at EXPO Kraków promises to be intense, diverse, and inspiring. The coming months will bring a true explosion of events that connect people with a wide range of passions, needs, and interests. A broad selection of topics and event formats means that professionals seeking development and business networking opportunities, as well as families with children, hobbyists, and enthusiasts of active leisure, will all find something for themselves. The upcoming season encourages everyone to step outside and discover new passions.**

### **Camper & Adventure Expo**

On February 28 – March 1, EXPO Kraków will host the 2nd Camper & Adventure EXPO—the only event of its kind in Małopolska combining caravanning, vanlife, and off-road expeditions. Visitors will see hundreds of vehicles, from classic motorhomes and modern caravans to 4x4 off-road campervans, as well as cars and trailers prepared for the most demanding expeditions. The event will also feature the latest technological innovations, travel accessories, and meetings with experienced travelers who will share stories from expeditions to the farthest corners of the world.

### **INNOFORM® - International Cooperative Trade Fair for the Tooling and Processing Industry**

Another noteworthy event—important for industry professionals—will take place outside Kraków. On March 3–5 in Bydgoszcz, the 8th International Cooperative Trade Fair for the Tooling and Processing Industry INNOFORM® will be held—the only event of its kind in Poland dedicated to the mould-making industry. The key strength of the fair lies in its wide range of exhibitors presenting the latest products and services for the tooling and processing sector, as well as an extensive professional program. The event is organized by the Bydgoszcz Industrial Cluster “Tool Valley” and Targi w Krakowie.

### **SPORT EXPO - International Trade Fair of Sport, Recreation and Healthy Lifestyle**

In mid-March, on March 14–15, SPORT EXPO – the International Trade Fair of Sport, Recreation and Healthy Lifestyle – will take place. This is the first event in Poland to present the full spectrum of industries related to physical activity and health in one location. Fitness, running, cycling, outdoor sports, sports technologies, and active tourism will all be showcased, complemented by the largest Test Zone in the country, allowing visitors to try equipment in practice.

### **BookGame - Board Games Festival and Fair**

The end of March will belong to fans of creative entertainment. On March 27–29, EXPO Kraków will host the 4th BookGame Board Games Festival and Fair, the largest event of its kind in southern Poland. For three days, lovers of board games, puzzles, building blocks, chess, RPGs, and creative games will be able to take part in premieres, tournaments, workshops, and meetings with game creators. Poland's largest Games Room, covering 5,000 m<sup>2</sup>, a free Games Library, numerous themed zones, attractions for children and adults, and a rich accompanying program will make this a true celebration of imagination and shared fun.

### **KRAKDENT® International Dental Trade Fair**

From April 16–18, EXPO Kraków will host the largest dental industry event in Poland—the 32nd International Dental Trade Fair KRAKDENT®. Nearly 300 exhibitors from Poland and abroad have confirmed their participation. Dozens of hours of medical courses, training sessions and workshops, the international Dental Spaghetti Congress within the KRAKDENT-edu program, numerous attractions on the KRAKDENT MeetUp stage, and an impressive number of product premieres presented at exhibition stands make KRAKDENT® a key date in the calendar of dentists and dental technicians.

### **HUNT EXPO Trade Fair and FAST Shooting Activities Festival**

April will conclude with an event for outdoor and sport shooting enthusiasts. From April 24–26, the 5th HUNT EXPO Trade Fair and the 2nd FAST Shooting Activities Festival will take place. Participants will have the opportunity to explore exhibitors' offers, take part in demonstrations and training sessions, and meet experts and communities centered around these activities.

### **10th Central European Congress of Life Sciences EUROBIOTECH**

On July 2–3, the 10th Central European Congress of Life Sciences EUROBIOTECH 2026 will be held, jointly organized by the Małopolska Centre of Biotechnology of the Jagiellonian University and Targi w Krakowie. The event will bring together specialists from various fields of life sciences, creating a dynamic environment for networking and knowledge exchange, fostering new connections and interdisciplinary collaboration. Key topics include cell biology, structural biology, computational biology and artificial intelligence, medical biotechnology, plant biotechnology, and links between biotechnological research and business.
