AEGEE Kraków - 30 Years of Activity

2021-11-18

The AEGEE European Students' Forum Association-Kraków was formed in 1991. It is a local branch of the AEGEE International Students' Forum Organisation whose activity focuses on supporting interaction and cooperation between university students from various countries, building an open community and promoting the idea of European integration.

This year marks 30 years since the beginning of AEGEE's operation in Kraków, and what is the best way to celebrate it? The Kraków branch comes to you with the answer: in the appropriate style! The main event, our birthday party, will take place on Saturday evening, 27 November 2021. The theme of the party is the 1930s. The rich life of the elites: cabarets, cinemas, neon lights over fashionable districts, luxurious townhouses, cars, tuxedos and nightgowns shimmering on the dance floor to the rhythm of swing. We have prepared lots of attractions for those visiting Kraków for the entire weekend, including sightseeing around the city or learning about Polish culture!
