Participants of the Meet The Bidder industry trade fair visit Kraków

2022-12-29

On 24 November 2022, a group of foreign representatives of travel agents specialising in incentive tourism and tailor-made luxury travel visited Kraków.

Guests from the UK, Germany, France, Latvia, the Czech Republic, Hungary, Denmark, Turkey and India visited selected conference venues, including ICE Kraków Congress Centre and the new Fabryczna City and Conference Centre, as well as unique venues for evening events - the Cloth Hall (Sukiennice) and the Słowacki Theatre.

The programme did not lack time to explore the historic streets of the Old City, visit the Wawel Castle or have dinner at the Main Square - all of which helped to show Kraków in a nutshell - a city rich in tradition, with modern infrastructure and professional services.

The Kraków post tour accompanied the industry trade fair Meet The Bidder Grand Edition 2022, hosted by Warsaw.
