The fall begins with trade fairs in Krakow!

2023-09-20

Soon, the fall will bloom with color, but also a wide range of trade fairs at EXPO Krakow. The 26th International Book Fair in Krakow®, 15th International Packaging Innovations Fair, 30th International Trade Fair of Hotel and Catering Equipment HORECA®, and 20th International Wine Trade Fair ENOEXPO® are just some of the options in the fourth quarter of this year. The future is becoming reality.

In October, we will travel to a world of revolutionary technologies, futuristic materials and endless possibilities. The KOMPOZYT-EXPO® International Trade Fair for Composite Materials, Technologies and Products will take place on 4-5 October 2023. This is now the twelfth time that visitors have a chance to learn about innovative high-tech solutions which have a true impact on industry, transportation, construction and other sectors.

Experts, engineers, producers and enthusiasts of fasteners will meet at EXPO KRAKÓW on 18-19 October. The sixth International FASTENER POLAND® fair is a chance for participants to enjoy a rich conference and workshop program, attend business meetings during a brokerage event, and check out unique products and technologies. It will be the first time that the fair features a fasteners zone dedicated to the power and renewable energy sectors.

At the same time, two trade fairs will be held that form a perfectly matched duet: the 14th SYMAS® International Trade Fair for the Handling, Storage and Transport of Solids and Bulk Materials, and 14th International MAINTENANCE Trade Fair for Maintenance, Planning and Optimization of Production. This all-embracing combination of thematic issues is a guarantee of a space where representatives of almost every production company can update their knowledge, find inspiration, and also enjoy the opportunity to develop their business.

Great celebration of literature

On 26-29 October, hearts of literature will beat strongly at EXPO Krakow, all thanks to the 26th International Book Fair in Krakow®. The slogan for this year's fair is a quote from Wisława Szymborska's poem "So much of the world from all over". As always, visitors can expect many attractions, such as meetings with their favorite authors, interesting discussions on literary trends, and presentations of new releases. Save the date in your calendar and let's set off together on an adventure through the lands of literature, where words come alive and open doors to countless worlds!

It will be delicious!

Coming up is the 30th HORECA® International Trade Fair of Hotel and Catering Equipment, together with the GASTROFOOD® Food and Beverages Trade Fair for the Catering Industry and the ENOEXPO® International Wine Trade Fair. This is a crucial event for the hotel, catering and wine industry in Poland, attracting numerous exhibitors this year with a promise of an interesting and varied range of attractions. Visitors can expect to see a wide range of products for hotels, leisure facilities, restaurants and catering establishments as well as food, beverages and wines from all over the world, including Poland. Also, the HORECA® jubilee fair will serve as

the platform for two prestigious competitions – the first TROPHÉE MILLE POLAND intended for chefs starting out in their career, and the Polish preliminaries to the Bocuse d'Or Poland – the most important and largest culinary competition in the world. The 20th wine fair will also host the 15th Competition of Polish Wines and Ciders for the ENOEXPO® medal and the 15th Wine Competition for the ENOEXPO® medal.

Trade fairs in Krakow - don't miss them!

It does not matter if you are an entrepreneur, a literature lover, a culinary enthusiast, a car fan or a sucker for technology, the fall program of Krakow Trade Fairs will have something special for everyone. This is when the city becomes a major hub for meetings, inspiration and new opportunities. Do not miss your chance to take part in the fascinating events and make the most of your time there. See you at EXPO Krakow.
