

The Krakow Convention Bureau has served as our central point of contact and has been instrumental in helping to make our upcoming conference a success. The Convention Bureau's assistance to our organization for the sourcing of hotels, event venues, cultural activities and transportation has been extremely valuable.

We were very pleased with the high level of support provided for organizing appointments and site visits for our recent planning visit to Krakow. In fact, this **high level of attention and service was a key decision factor** in our selection of Krakow as the destination for our 2017 conference!

We appreciate the **complimentary and independent advice** and we value the Convention Bureau's strong connections with local suppliers, especially with Krakow's academic and cultural community.
