European Association for Endoscopic Surgery  
and other Interventional Techniques

Eindhoven, 9 January 2023

To whom it concerns,

The European Association for Endoscopic Surgery has been privileged to organise its annual congress at the ICE congress centre in Krakow, Poland, from 5 to 8 July 2022.

Both in the selection process and in the preliminary stages of organising the most important annual event for our association, we were able to call on the knowledge and network of the Krakow Convention Bureau (KCB).

Not only did we experience the KCB's cooperation as very courteous, we were also allowed to consult them at any time for advice and enjoyed their hospitality prior to our congress.

The KCB reflects very well the warmth and professionalism of the city of Krakow and is worth recommending to anyone considering doing business in this pearl of Poland.

Arjan Appel
